

STUDENTS

Immunizations

To protect the health of all students and staff and to curtail the spread of infectious diseases, the Board of Trustees desires to cooperate with state and local health agencies to encourage immunization of all district students against preventable diseases.

Students entering a district school or childcare and development program, or transferring between school campuses, shall present an immunization record which shows at least the month and year of each immunization in accordance with law. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

Each transfer student shall present his/her immunization record certifying that he/she has received all required immunizations currently due before he/she is admitted to school.
