

COMMUNITY RELATIONS

The Board believes that the best interests of this school district are served when citizens and school people work together toward school improvement. Residents of the community are encouraged to take an active part in school and district affairs. The wealth of educational resources represented by residents and visitors in our district should be utilized by the staff in all appropriate ways. Residents of the school district should be encouraged to express their desires for the quality of education they wish to have in their school district.

Policy Adopted: March 23, 1972
Revised Policy Adopted: December 14, 1982
