District policies and regulations are established and implemented to provide all employees a framework within which to operate.

The Board encourages all district employees to contribute their expertise and knowledge toward the resolution of problems, development of policies, and advancement of the total educational program within the district, and at the State and national levels. Employees are encouraged to become involved in the development of policies related to students, curriculum, and instruction.

The Superintendent and Board shall encourage the staff to participate cooperatively in the study and recommendation of District policies to support the highest standards of service through District-designated committees.

All policies, rules, and regulations concerning personnel shall be in writing. The Superintendent shall publish personnel policies, and make them available to all concerned.
