

STUDENTS

General Policy Statement

The focus of Berryessa Union School District is on the learner, the student. The maximum development of the learner's potential is the goal of the District. The policies of the Board of Trustees and the regulations of the Administration are designed to provide a total District environment which will assist the staff in reaching this goal.

In the development of policies, regulations, and the budget, the Board of Trustees and Administration will keep the needs of the children attending the District uppermost in their minds.
