

**STUDENTS****Inter-District Transfer Agreements**

The Berryessa Union School District shall, to the degree possible, assist parents with the selection of a public school that meets the best interests of both the district and the student's family. To this end, the Governing Board of Trustees authorizes the Superintendent, or designee, to establish Inter-District Transfer Agreements with other school districts in order to permit Berryessa Union School District resident students to attend school in other districts and to permit non-resident students to attend Berryessa Union School District schools. Transportation shall be a parent responsibility.

The Superintendent shall develop administrative guidelines for use in deciding student transfer requests. Whenever space availability within the district limits enrollment, students requesting transfer into the district shall be ranked on a waiting list on the basis of random selection.

Whenever the district denies a request to transfer into or out of the Berryessa Union School District, the district shall advise the persons having legal custody of the student whose request was denied of their right to appeal the denial to the County Board of Education under the Education Code.
