

COMMUNITY RELATIONS

School-Community Associations

The Board looks upon school-community associations/committees (such as School Site Councils, parent-teacher organizations, Human Relations Task Force, etc.) as integral parts of the school-community which can aid substantially in promoting a finer educational program.

Among the many services which such associations can offer, the Board especially endorses any assistance which they can give in developing and maintaining a voluntary aid program in our schools.

The Board expects active support of and cooperation with school-community associations by teachers and other employee organizations.
