*To ensure that schools can benefit from donated equipment, it is important for all school sites and donors to follow the district's minimum standards on computer donations. For additional information regarding minimum standards for printers, please see the Business Manual – Technology Section.

Software and Licensing: All software installed on donated computers must be legally licensed. If no license(s) is provided, the software must be removed from the computer before a donation will be accepted. If there is no license provided for the operating system the site receiving the donation will be charged for the purchase of software license and other resources required to meet district standards. Due to the amount of work required to re-configure donated computers for school use, only donations of ten (10) or more identical computers will be accepted.

Software Installed: _____   License included? ☐ Yes   ☐ No
