Welcome Activity

Sneak a Peek Game

This activity will teach participants how to problem solve in a group and communicate effectively.

1. The instructor will build a small sculpture with some of the building blocks and hide it from the group.
2. One member from each team can come up at the same time to look at the sculpture for ten seconds and try to memorize it before returning to their team.
3. After they return to their teams, they have twenty-five seconds to instruct their teams about how to build an exact replica of the instructor's sculpture. After one minute of trying to recreate the sculpture, another member from each team can come up for a "sneak a peek" before returning to their team and trying to recreate the sculpture.

Reflection

Think about when you went to school. What are some of the changes you see?

Talk to a partner.

New CA ELD at a Glance

The CA ELD Standards are ***not intended to replace*** the CA CCSS for ELA but instead to ***increase*** the language knowledge, skills and abilities of the CA CCSS for ELA that are critical in order for English Learners to ***simultaneously*** be successful in school ***while*** they are developing English proficiency.

How is it different?

- More emphasis on use of knowledge
- Less worksheets and more doing
- All courses are impacted
- Greater emphasis on real-world application
- More open-ended questions
- Problem solving that requires students to evaluate and determine best answers/solutions

Three Sentence Wrap-Up

In three sentences or less, summarize the most important information discussed today that you will bring back to your school site.
