

California State Testing

Dear Parent/Guardian:

Each spring, students in California participate in the statewide testing program, which is the California Assessment of Student Performance and Progress (CAASPP) System. In Berryessa students will be testing between March 14 and May 27, 2016. The tests in the CAASPP System provide information to teachers, parents/guardians, and students about students' progress and readiness for college and career. In grades three through eight, students take the Smarter Balanced online tests for English language arts/literacy (ELA) and mathematics. However, students who have a significant cognitive disability (as designated in their Individualized Education Program (IEP)) are eligible to take the California Alternate Assessments (CAAs). In grades five, and eight, students are also tested in science.

This year, your child will take the following assessments for ELA and mathematics:

- Smarter Balanced tests for ELA and mathematics or
- CAAs for ELA and mathematics
- One of the following assessments for science if your child is in grade 5 or 8:
 - California Standards Test (CST) for Science
 - California Modified Assessment (CMA) for Science
 - California Alternate Performance Assessment (CAPA).

Smarter Balanced Assessments

The Smarter Balanced online tests are based on the new California Content State Standards, also known as the Common Core State Standards (CCSS), for mathematics and ELA. While last year's test results provided parents with **baseline** information on how their children were performing in ELA and mathematics, in 2016 parents will be able to compare results across **two years** (2014–15 and 2015–16) and determine their children's progress in meeting California's rigorous academic standards. California Education Code Section 60615 allows a parent or guardian to a written request to school principals to excuse his or her child from any or all parts of the assessments administered.

The California Department of Education (CDE) has developed several resources to help students and parents understand the grade expectations of the Smarter Balanced Summative Assessments:

- The *Parent Guides to the Smarter Balanced Assessments* (in English and Spanish) are posted on the CDE's CAASPP Web page, under the Students and Parents Tab, at <http://www.cde.ca.gov/ta/tg/ca/index.asp?tabsection=3#ssr>. Separate guides have been developed for each of the three grade spans tested: grades 3–5 and grades 6–8. Each guide explains the grade-level expectations for students in ELA and mathematics and provides sample test items.
- The practice and training tests, which can be found on the CDE's Smarter Balanced Practice and Training Tests Web page at <http://www.cde.ca.gov/ta/tg/sa/practicetest.asp>, can help

parents and students experience the type of test items that students will encounter on the Smarter Balanced Summative Assessments. Answers to the practice test and scoring rubrics for the performance tests are posted on the Test Administrator (TA) Resources for the Smarter Balanced Practice and Training Tests Web page at <http://www.caaspp.org/ta-resources/practice-training.html>.

California has adopted new science standards and is currently developing assessments that are aligned with these standards. During the transition to new science assessments, students in grades five, and eight, will take the CST or CMA, as identified above. For information on the new science assessments and who is eligible for each of these science tests, please see the CDE's California Science Assessments FAQ Web page at <http://www.cde.ca.gov/ta/tg/ca/sciencefaq.asp#accordionfaq>.

For information about the content, types of questions, and other targeted resources for the science tests, please see the CDE's CAASPP Science Assessment Web page at <http://www.cde.ca.gov/ta/tg/ca/caasppscience.asp>.

If you would like more information about the CAASPP System, please visit the Parent/Student tab of the CDE's CAASPP Web page at <http://www.cde.ca.gov/ta/tg/ca/index.asp?tabsection=3#ssr>.

If you would like more information or resources about alternate assessments, please visit the CDE's CAASPP Alternate Assessments Web page at <http://www.cde.ca.gov/ta/tg/ca/altassessment.asp>

If you have any questions regarding your child's participation, please contact your child's school.
