

Corrective Action for PI Year 3

What are the district and state doing to support schools in PI Year 3 (Corrective Action)?

Our district is working closely with the County Office of Education to improve curriculum, instruction, and student performance. In addition to choice and Supplemental Education Services, the school must revise its school plan to include at least one of the following options:

- Replace school staff (may include principal) who are relevant to the school's failure to make AYP
- Institute and fully implement a new curriculum based on scientific research, including professional development
- Decrease management authority at the school level
- Appoint an outside expert to advise the school on its progress toward making AYP
- Extend the school day or year for the school
- Restructure the internal organizational structure of the school
