4.1	Dr. Joseph McCreary	
Discussion	The LCAP operationalizes equity. There are 8 priorities included in the plan. LCAP stakeholder engagement input sessions starts with BDAC tonight and other stakeholder engagement meetings will take place in the future. The LCAP needs to address the needs for students of significant disproportionality. Dr. McCreary asked for suggestions from the committee. Suggestions included: Increased mental health supports, school nurses, increased communication about the decisions made about ELD students, SEL curriculum for all students, and medical training for front office personnel. All three LCAP goals were highlighted and reviewed at the meeting.	
OPEN AGENDA ITEM: SECOND INTERIM BUDGET		
4.2	Kevin Franklin	
Discussion	Mr. Franklin shared the district's budget assumptions to adjust for declining enrollment, free/reduced lunch allocations. LCFF funding will increase but other programs will not see an increase from the state of California. The district will see steep decreases in spending because decreased funding in other areas are estimated to be higher than the money coming into the district in the next few years. Dr. Fuentes discussed the parcel tax.
