

## **INSTRUCTION**

### **Evaluation of the Instructional Program**

The Board of Trustees recognizes that it is accountable to the students, parents/guardians and community for conducting a continual evaluation of the curriculum and the instructional program.

The Superintendent or designee shall review the effectiveness of district programs in meeting desired outcomes. He/she shall provide the Board and the community regular reports on student progress toward Board-established standards of expected achievement at each grade level in each area of study. Based on these evaluations, the Board shall take appropriate actions to maintain the effectiveness of programs and, as needed, to improve the quality of education that district students receive.

### **Coordinated Compliance Reviews**

The Superintendent or designee shall cooperate with the California Department of Education in the conduct of coordinated compliance reviews to ensure that all district categorical programs comply with federal and state laws and regulations. The Superintendent or designee shall notify the Board of the results of these reviews.

### **Criteria for Evaluation of Consolidated Programs**

The Superintendent or designee shall conduct annual evaluations to determine whether supplemental services provided by consolidated programs are effective and supportive of the core curriculum. As a basis for this evaluation, the Superintendent or designee shall recommend specific, measurable criteria that shall be used at each school and at the district level to evaluate student achievement and the effectiveness of each consolidated program.

The Superintendent or designee shall submit these criteria for consideration by the Board. If desired, each school may establish additional evaluation criteria beyond these district wide criteria. Evaluations conducted for each school shall be presented annually to the Board.
