Dear Parents and Guardians,

August 2016

The staff of the Berryessa Union School District would like to welcome you to the 2016-2017 school year. We look forward to partnering with you to ensure your child's school success.

The Board of Trustees, Superintendent Will H. Ector, Jr., and all district staff are committed to student achievement. Improvement in your children's achievement starts with daily school attendance, which is a shared responsibility. Daily school attendance must start at home with your own motivation and value of education. We in the school must build on that home value. Education Code 48200 requires compulsory daily school attendance for students six (6) to 18 years of age. Ensuring regular school attendance of all children in our community is one of our district's main responsibilities. We are especially committed to making sure all students are present every day school is in session. We are also committed to ensuring that students arrive on time, attend each instructional period, and complete the school day.

California Education Code allows excused absences for the following reasons:

- Illness; Funeral services for immediate family;
- Medical, dental or optometry services; and, Quarantine

The parent/guardian of the student must send a note and/or phone the school to clear any of these excused absences. Failure to excuse the absence results in a recorded unexcused absence (truancy) on the student's record.

One way to ensure your child's daily attendance is to review the school district's 2016-2017 calendar and plan family holidays and vacations to occur on school holidays. Even parent notification to the school of a student absence for a family vacation results in lost instructional time for the student and is not an excusable reason for absence. Some other examples of reasons that are unexcused for student absences are: Going shopping; visiting relatives; parent's medical appointments; students' birthday; oversleeping; minor illnesses; childcare by the student at home; and, family moving from one home to another

Options are available for students in limited cases. Students who are absent for more than ten (10) consecutive days for medical reasons are eligible for home/hospital services.

Students will be marked as **truant** after the third (3rd) unexcused absence and/or tardies of more than 30 minutes. Schools will be sending formal letters to the parents/guardians of students who accumulate three (3) days/periods of unexcused absences or tardies, or combination thereof. This letter will inform the family of a potential declaration of truant on their child's school record according to Education Code 48260. Schools may request your attendance at a conference to discuss your child's attendance.

Berryessa School District, together with the San Jose City Council and the Santa Clara County Board of Supervisors, have launched a countywide Truancy Abatement Initiative to decrease truancy in Santa Clara County. The State of California also recognizes the importance of regular school attendance and passed legislation restricting school attendance funding calculations to those students actually in attendance. Schools no longer receive the state revenue for excused absences. In Berryessa, this results in a potential loss of revenue each year.

Berryessa School District's goal for 2016-2017 is to continue to improve our district's excellent student attendance record. We appreciate your assistance in this goal since every day of attendance can count towards your child's continued academic success.

Will H. Ector, Jr. Superintendent

IMPORTANT Read, sign, date and return the last page of this document. School personnel must know if you have received this information. - EC §48980 - 1, 2

1. **Nondiscrimination (Board Policy 5145.3, 5145.5, Federal Law (Title IX) P.L. 92-318 and EC §40)** - To Prohibit Discrimination - It is the policy of the Berryessa Union School District not to discriminate on the basis of age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, mental or physical disability, nationality, national origin, race or ethnicity, religion, sex, sexual orientation, or on a person's association with a person or group with one or more of these actual or perceived characteristics. This requirement not to discriminate extends to employment practices by the district as well. Parents are urged to address complaints regarding violations of the law to the Education Services Department (923-1830).
2. **Tests on Personal Beliefs (EC §60650)** - Tests, questionnaires, or examinations containing questions about the student's personal beliefs or practices in sex, family life, morality, and religion may not be given to students unless the parents or guardian is notified in writing and gives written permission.
3. **Absences (EC §46010)** - Absences from school shall be excused only when the absence is due to illness of the student, quarantine, medical appointments, funeral attendance for a member of the immediate family, or exclusion from school because the student does not have required immunizations.
4. **Absences (EC §48205)** - Students, with written parental permission, may be excused from school for justifiable personal reasons. (a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is: (1) Due to his or her illness. (2) Due to quarantine under the direction of a county or city health officer. (3) For the purpose of having medical, dental, optometrical, or chiropractic services rendered. (4) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California. (5) For the purpose of jury duty in the manner provided for by law. (6) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent. (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, or attendance at an employment conference, when the pupil's absence has been requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board. The teacher of any class from which a pupil is absent shall determine the tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence. (c) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester. (d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments. (e) "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil."

INSTRUCTION**Student Use of Technology**

The Governing Board recognizes that technology provides ways to access the most current and extensive sources of information. Technology also enables students to practice skills and to develop reasoning and problem-solving abilities. Every effort shall be made to provide equal access to technology throughout the District's schools and classrooms. The District encourages the responsible use by students of its computers, computer networks, and other electronic devices owned or supplied by the District (collectively, "Technology Systems") in support of the mission and goals of the District and its schools.

The Superintendent or designee shall adopt and implement regulations governing the following: (1) access by minors to inappropriate matter on the internet; (2) the safety and security of minors when using email, chat rooms, and other forms of direct electronic communications; (3) unauthorized access, including hacking, and other unlawful activities by minors online; (4) unauthorized disclosure, use and dissemination of personal identification information regarding minors; and (5) measures designed to restrict minors' access to materials harmful to minors. The Superintendent or designee shall ensure that all District computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. (20 U.S.C. 6777, 47 U.S.C. 254.) Staff shall supervise students while they are using online services and may have teacher aides, student aides, and volunteers assist in this supervision.

The District has adopted this Acceptable Use Policy (together with Administrative Regulation 6168, the "AUP") in order to provide guidance to individuals obtaining access to these resources through District-owned equipment or District-affiliated organizations. Before using the Technology Services, each student and his/her parent/guardian shall sign and return an acceptable use agreement, the form of which will be set forth in Administrative Regulation 6168.

Administrative Guidelines

INSTRUCTION

Student Use of Technology

This Administrative Regulation 6168 (together with Board Policy 6168, the “AUP”) governs students’ use of the District’s computers, computer networks, and other electronic devices owned or supplied by the District (collectively, “Technology Systems”). The District seeks to maintain an environment that promotes ethical and responsible uses of the District’s Technology Systems by students. The District permits and encourages the use of its Technology Systems in support of educational objectives that are consistent with the mission and goals of the District.

At the beginning of each school year, parents/guardians shall receive a copy of the AUP regarding access by students to the Internet and online sites. The principal or designee shall oversee the maintenance of each school’s technological resources and shall establish guidelines and limits on their use. He/she shall ensure that all students using these resources are educated about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

The Superintendent or designee shall ensure that all District computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. (20 U.S.C. 6777, 47 U.S.C. 254.) Staff shall supervise students while they are using online services and may have teacher aides, student aides, and volunteers assist in this supervision.

The following guidelines shall govern student users with regard to the District’s Technology Systems:

1. Students’ access to the District’s Technology Systems is a privilege, not a right. If a student user violates this AUP or abuses the privilege of said access, it may be revoked at the sole discretion of the District or designee.
2. At any time and without additional notice, the District reserves the right to monitor each student’s use of the Technology Systems and to review or delete student work on the Technology Systems, at any time and without additional notice, as needed for system maintenance, to determine if a student is abiding by this regulation, or for other reasonable purposes.
3. The student in whose name an email account is issued is responsible for its proper use at all times. Students shall keep account information and passwords private. Each student should create a hard copy backup of any important data or documents.
4. Students shall use the Technology Systems safely, responsibly, and for school-related purposes. Students shall have no expectation of privacy concerning the content of online communications made using the Technology Systems.
5. As a condition of access to the Technology Systems, the District will from time to time require each student to sign the agreement below, signifying that such student has reviewed, understands, and agrees to comply with this AUP.

Unacceptable Uses

Students are prohibited from engaging in any of the following acts when utilizing the Technology Systems:

1. Any access, posting, submission, publication, or display of harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs. Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)
2. Any use that is in violation of federal law, state law, or school regulations, or that potentially or actually causes harm to another person or another’s property, or that is undertaken for personal financial gain unless otherwise authorized by the District.
3. Unless otherwise instructed by school personnel, the disclosure, use, or dissemination of personal identification information about the student user or others when using email, chat rooms, or other forms of direct electronic communication. Students also shall be cautioned not to disclose such information by other means to individuals contacted through the Internet without the permission of their parents/guardians.

4. Except if directed to do so by a supervising teacher or District administrator, use of another user's password or accessing another user's account.
5. Any use of online or computer games or entertainment unless specifically authorized for educational or professional purposes by the supervising teacher or District administrator.
6. Any use that may, in the sole discretion of the District, be reasonably construed as promoting the purchase, sale, or use of illegal drugs or substances.
7. Any use that constitutes cyberbullying, including the use of profanity and harassment of others, hate mail, discriminatory remarks, chain letters, or any act that is within the scope of Section 48900(s) of the Education Code.
8. Any use that disrupts the use of the Technology Systems by others or undermines the integrity of the Technology Systems or the technology systems of any other party, and any destruction, modification, hacking or abuse of the District's computer hardware or software or the technology systems of any other party, or any unauthorized installation of any software, including shareware, freeware, or entertainment software, for use on the District's computers or other District Technology Systems.

11. Any use of a personal electronic or communication device while on District property (including wireless internet access through cellular phones and laptop computers) that is otherwise prohibited in this list of Unacceptable Uses.

Consequences for Misuse

Use of the District's Technology Systems is a privilege, not a right. Misuse of the District's Technology Systems, including a violation of this AUP, may result in the restriction or cancellation of a student's access. Misuse may also lead to disciplinary and/or legal action against a student, which may include a reprimand, suspension, or expulsion.

Disclaimers

Pathway to the Future

Healthy Schools Act (AB 2260) Policy Statement and Annual Parent Notification Letter

In compliance with California State law, Berryessa Union School District will adhere to the **Healthy Schools Act (AB 2260: Ed. Code 17612m 48980 and 48980.3)** practice and procedures to minimize pesticide/herbicides exposure to children, staff, and community will be in place in all district schools.

Pests

It is the practice of this school district to control pests in the school environment. Pests such as cockroaches, fleas, fire ants, stinging wasps, termites and rodents are annoying and can disrupt the learning environment in schools. Pests are known to bite, sting, or transmit diseases and may also cause allergic responses.

Pesticides/Herbicides

It is the practice of this school district to reduce exposure to pesticides and herbicides in the school environment. When pesticides or herbicides are used to control pests and weeds in schools, there is potential for human exposure. Excessive exposure may result in pesticide/herbicides poisoning or allergic responses in sensitive individuals. Children may be more susceptible to pesticides than adults due to their smaller size and rapid growth and development.

AB 2260, the Healthy Schools Act of 2000

- Non-chemical prevention of pest and weed populations is always preferred using such methods as sanitation, exclusion, and cultural practices.
- The selection and use of the least hazardous methods and materials effective for the control of targeted pests and weeds will be implemented.
- Application of pesticides will only be used "as needed" to correct verified problems.
- All parents and staff will be notified annually in writing of the anticipated pesticide/herbicide products and applications to be regularly used throughout the school year.
- A notice will be sent home with your child at least 72 hours prior to a pesticide application.
- Warning signs will be posted at all entrances to the School property twenty-four hours prior to regular pesticide/herbicide applications and will remain posted for seventy-two hours after the application.
- Active ingredients of all pesticides used by the School District and/or copies of AB 2260 may be obtained by written request to the Director of MOT, Miguel Cruz at the Berryessa Union School District, 1376 Piedmont Road, San Jose, CA 95132 or by contacting the California Department of Pesticide Regulation website, www.cdpr.ca.gov.
- In the event of an "emergency application of a pesticide to control a specific and documented problem, signs will be posted immediately and remain posted for seventy-two hours following the application procedure.

Success

The success of the **Healthy Schools Act (AB 2260)** in schools is dependent upon:

- The full cooperation of administrators, faculty, maintenance/custodial staff, parents, students and the community.
- The establishment of a District-wide coordinator and advisory committee.
- School-based safety committees that shall include pest management and pesticide policies and procedures as part of their agenda.
- Each school designating a staff member to coordinate the Healthy Schools Act and ensuring the maintenance of pest management records.

The Berryessa Union School District invites questions, concerns and suggestions from our parents, community, students and staff. All comments addressing the above noted practice should be addressed to Maintenance and Operations Dept. at (408) 923-1892, Berryessa Union School District, 945 Piedmont Rd. San Jose, CA 95132.

Pathway to the Future

BERRYESSA UNION SCHOOL DISTRICT
1376 Piedmont Road, San Jose, CA 95132

Berryessa, in cooperation with the California Department of Health Services and Education, has begun a program that will allow the district to be reimbursed with federal Medicaid dollars for selected health services provided to Medicaid eligible students at school. School Business Services of California is assisting the district in the billing process. In accordance with the regulations of this program, to receive the federal dollars, the district must make an attempt to bill for services through private health insurance companies by asking Parent/Guardian for consent to bill.

If your student has an Individualized Education Plan (IEP) or an Individualized Family Service Plan (IFSP), the school district will not attempt to bill private insurance when the service is rendered as in accordance with their IEP or IFSP.

Most health services offered through the school district will not be reimbursed by a private health insurance plan and the district expects little revenue to be gained from private insurance agencies.
