1. DELAC Welcome

Meeting was called to order by Afia at 8:41 a.m. Afia welcomed everyone and introduced Lidia and Krista. Krista then introduced our welcome activity which was called “Outcomes”. This is a language based art activity where we partnered up and were each given a picture of something by Krista. Each set of partners then sat back to back and Partner A had to describe the picture they were holding without showing the picture to partner B. Then partner B had to draw a picture based on the descriptive words partner A was giving. Then we switched so the other partner could describe or draw.

2. DELAC Minutes

DELAC minutes from the February 2, 2017 were reviewed by DELAC members. Joe McCreary pointed out a spelling error for the word “weather” in line 3 of the welcome. Correction was noted by the secretary Maria Fregoso. Linda motioned to approve the minutes, Juliette seconded and minutes were approved.

3. New Business

1. Krista went over the CELDT DATA chart that indicated the percentage of students in each grade level and each CELDT level. Krista reviewed the growth that has taken place for each level.
2. Krista put up a chart of the many different languages spoken in our district, 38 languages are spoken here at BUSD with the top 3 being Vietnamese at 38%, Spanish at 19.2% and Chinese at 13.8%.
3. SEAL Program was then reviewed by Krista and we watched a brief video about the program which stands for Sobrato English Academic Language. This new program allows teachers to help students collaborate and discuss subject matters in a more efficient way.
4. Lidia reviewed the LCAP (Local Control Accountability Program) and it's 4 major goals: #1 Safe and Productive Learning environment for all students, #2 Provide CCSS Instruction with strategic use of technology in the 4C's, #3 PD for all staff, #4 Increase parent and student involvement and engagement.
5. Lidia then posted Goal #1 and #4 on large pieces of poster board and provided everyone time to write ideas/concerns for each goal (see attached).
