Measure K Oversight Committee Guidelines

The Measure K Oversight Committee will be considered a standing committee of the Board reporting to the Board of Trustees and will exist for the period of time Measure K is in effect. The Board of Trustees establishes this committee with the following role and operational

Role of the Committee

The role of the Measure K Oversight Committee will be two-fold, that of ensuring accountability for how the funds generated by Measure K and that they are consistent with the parameters of the Measure and assessing the impact of the programs/personnel funded by Measure K has on the students of the district. This will be accomplished by:

Fiscal Accountability

- Working with the district, and the district's independent auditors to annually review what Measure K funds were received, how they were allocated, and how they were spent;
- Determining if those funds were expended in accordance with the Measure's intent; and

Impact on Students

- Working with the district, the Committee will review the impact of Measure K funded programs/personnel on students/student learning.

Starting in September, 2014 the Committee will make annual reports to the Board on both the fiscal accountability and impact on students of programs/personnel funded by Measure K.

Committee Membership

Membership on the Measure K Oversight Committee will include the following categories and numbers of people:

- Community: 3 community members not related to an employee or having children currently in the district but reside within the district's boundaries.
- Parents: One parent with a child enrolled in the district from each of the three school "families" in the district.
- Employees: 6 employees with 2 members representing teachers, 2 members representing classified personnel, and two members representing management.
- Term of office will be 3 years.
- The Committee will select a president and vice-president annually.
- The Committee will select two of its members annually to participate on the District Budget Committee.
- The Superintendent will act as a non-voting Executive Officer to the Committee.
- Majority of current active members is needed for a quorum, (not counting vacancies).

Selection

The Board of Trustees will be responsible for the selection of the members of Measure K Oversight Committee.

- The Board will post/advertise the positions inside and outside of the district and on our web page for a period of not less than 3 weeks.
- A short written application process will be used to gather information about the candidates and their experience.

- In open meetings the Board of Trustees will select applicants to be interviewed, interview those candidates and determine whom to select as members of the Committee in each category. The Board will take action to appoint those candidates.

Meetings

The meetings of the Measure K Oversight Committee will:

- be posted and held in compliance with state open meeting laws;
- post agendas at the District Office, district schools and on the district web site at least 72 hours prior to each meeting;
- post minutes and other documents used by the Committee will be posted on the web site;
- allow public input and participation consistent with state open meeting laws;
- hold meetings at intervals and times determined by the Committee so as to allow for employee and public input; and
- hold meetings at the District Office.
